William O. Waddell and Jeffrey L. Caton

Information as Power is a refereed anthology of United States Army War College (USAWC) student papers related to the information element of national power. It provides a medium for the articulation of ideas promulgated by independent student research in order to facilitate understanding of the information element of power and to better address related national security issues. The anthology serves as a vehicle for recognizing the analyses of Army War College Students and provides a resource for USAWC graduates, senior military officers, and interagency national security practitioners concerned with the information element of national power.

Information as Power – Volume 2
